Installation Guide for Windows 7 and Internet Explorer 9 (9.0.8112.16421)

Before clicking on “Start”, please follow the instructions below:

Press the “Alt” key on the keyboard to bring up the menu options.

Select “Compatibility View settings”
In the box “Add this website:” add http://kitchenplanner.ikea.com
Select “Add”

Confirm the website is added as shown above, then select “Close”
Click on “Start” to continue.

When prompted select “I have read and agree to the licence agreement”
Then select “Install Player”
Please note the message:
“This website wants to install the following add-on:....”
Select “Install”

If prompted by “User Account Control” select “Yes”
If you see the following screen then you will need to go back to Step 1 and check “Compatibility View settings”.

To check “Compatibility” is turned on for this website the icon on the address bar should be shown in blue.
